## Summary

### BACKGROUND & EXPERIENCE

My name is Richard Deary and I have over 18 years' experience in institutional marketing and client service experience. I recently completed my tenure as the Director of Business Development at LM Capital Group in San Diego, CA. In this capacity, I was a Principal and oversaw the Marketing and Client Service departments. I am a motivated, self starter that was successful in growing LM Capital Group from a very small fixed income firm with 4 employees and approximately \$190 million in assets under management to a 20 person firm with almost \$5 billion in assets under management.

### APPROACH

I utilize a consultative, relationship based approach which capitalizes upon my ability to establish and develop long standing relationships throughout the Public, Corporate, F&E, and Consulting communities. To date, I have developed relationships with over 2,000 pension plans and consultant firms.

This approach has enabled me to have a keen insight into "what plans are looking for" and thus to develop solutions that will best suit their needs. Success demands innovation and hard work and the ability to identify the proper opportunity set for given strategies and then the ability to understand and develop the appropriate marketing campaign accordingly.
